Concentrate Run Test

See full video on our website of how Orange-Ox outperforms another leading hydrogen peroxide product in cutting through black moly grease.

We've fortified our popular hydrogen peroxide-based cleaner-degreaser-deodorizer with d-limonene to provide the extra power boost required in professional cleaning.

Orange-Ox works quickly on any water-safe surface, both porous and non-porous, to remove dirt, grime and grease. Neutral pH is ideal for cleaning marble, granite and other pH sensitive surfaces.

Ideal for institutional kitchens, food processing areas, light industrial, grocery stores, automotive dealerships, educational facilities, office buildings, and correctional facilities.

Fits standard hydrogen peroxide cleaner dilution control systems
